VOLUME XXII

JULY-DECEMBER, 1960

## AUTHOR INDEX

For Authors of Abstracts in Annual A.H.A. Scientific Sessions See Pages 848 to 855.

- Abarquez, R. F., 1060  
Abell, L. L., 658  
Abelmann, W. H., 671  
Achor, R. W. P., 672  
Ackerman, P. G., 652  
Adams, C. W., 947  
Adelardi, V., 635  
Adhikari, P. K., 1107  
Adlersberg, D., 681, 686  
Agmon, J., 265  
Alex, M., 655  
Allalouf, D., 265  
Allen, E. V., 160  
Allison, R. B., 671  
Alousi, K., 688  
Altschul, R., 662  
Amatuzio, D. S., 680  
Anderson, D. L., 688  
Andrus, E. C., 979  
Anthony, W. L., 652  
Archer, M., 685  
Artom, C., 664  
Avigan, J., 663  
  
Baeos, J. M., 887  
Badger, G. F., 1133  
Baker, D. G., 661  
Baker, G. D., 652  
Baker, S. P., 672, 673  
Banerjee, K., 412  
Bargeron, L. M., Jr., 949  
Barrow, J. G., 673  
Batra, K. V., 676  
Beck, W., 938  
Beher, W. T., 652  
Bellet, S., 678, 682  
Bello, C. T., 573  
Bentz, J. D., 663  
Bergen, S. S., Jr., 144  
Berkowitz, D., 669, 674  
Berkson, M. D., 658  
Best, M. M., 660, 666  
Beveridge, J. M. R., 674  
Bing, R. J., 1  
Blackburn, H. W., Jr., 598, 666, 1112  
Blankenhorn, D. H., 671, 674  
Blaustein, A. U., 675  
Bleiler, R., 670  
Blok, J. B., 913  
Bloodwell, R. D., 1125  
Blumenthal, H. T., 655  
Blumgart, H. L., 301  
Bogdonoff, M. D., 667  
Booth, J., 677  
Bossina, K. K., 908  
Bourne, G. H., 665  
Bradess, V. A., 239, 672  
Bradley, M. N., 949  
Brandenburg, R. O., 49  
Braunwald, E., 216, 927, 1125  
Bristow, J. D., 896  
Brown, B. W., 1137  
Brown, K. D., 654  
Brown, T. E., 689  
Brozek, J., 666, 682, 1112  
Bucher, R. M., 573  
Burell, H. B., 938  
Burrows, B. A., 913  
Butterworth, J. S., 448  
Buzina, R., 682  
Caldwell, C. T., 675  
Caldwell, J. R., 652  
Campagnoli, M., 675  
Carey, J. B., Jr., 661  
Carlson, G., 677  
Castagnino, J. M., 675  
Castillo, C. A., 559  
Castleman, B., 365  
Cavell, G. C., 184  
Celoria, G. C., 1055  
Century, D. F., 658  
Chapman, C. B., 4  
Cherkasky, M., 160  
Chevalier, R. B., 1149  
Chobanian, A. V., 676, 682  
Clark, L. C., Jr., 949  
Clarkson, T. B., 664  
Cohen, L., 676  
Cohen, W. D., 659  
Collens, W. S., 676  
Conklin, J., 661  
Connell, W. F., 674  
Connor, W. E., 670  
Constantinides, P., 677  
Cooper, E. E., 677  
Corday, E., 677  
Cournand, A., 204, 220  
Croll, M. N., 669  
Cropp, G. J., 25  
Crout, J. R., 516  
Crumpton, C. W., 559  
Czoniecer, G., 39  
Davis, F. W., 160, 163  
Davis, H. L., 677  
Davis, N. L., 677  
Dawber, T. R., 160, 164  
Dayton, S., 657  
de Caneda, R. L., 675  
del Vecchio, A., 682  
de Maine, M. M., 686  
Diek, E. C., 680  
Dickstein, E. R., 678, 682  
Dobkin, G. B., 676  
Dontas, A. S., 682  
Dotter, C. T., 1144  
Dotter, P., 1144  
Downie, H. G., 653  
Dubin, A., 672, 673  
Duncan, C. H., 660, 666  
Dury, A., 660  
DuShane, J. W., 49, 110, 526, 1083  
Dustan, H. P., 181  
Eagan, J. T., 887  
Edelman, J., 678  
Eder, H. A., 652, 679  
Edmands, R. E., 673  
Edwards, J. E., 110, 672, 1083  
Ehrenhaft, J. L., 280  
Eichna, L. W., 864  
Eisenberg, P., 598  
Eisinger, R. P., 935  
Ellis, L. B., 671  
Engel, A. F., 684  
Engelberg, H., 232, 650, 668  
Erb, B. D., 315  
Estes, E. H., 667  
Evans, J. R., 1044  
Feigelson, E. B., 663  
Feinberg, L. J., 678, 682  
Fekete, L. L., 664  
Fidanza, F., 682, 1091  
Field, H., Jr., 547  
Finkelstein, L. J., 679  
Fisch, C., 1149  
Fish, R. G., 976  
Fisher, J. M., 280  
Fishman, A. P., 204, 216, 220  
Fletcher, A. P., 619  
Floch, M. H., 935  
Ford, A. B., 1166  
Frantz, I. D., Jr., 661  
Frazier, L. E., 667  
Freeberg, A. S., 464  
Freiman, A. H., 1060  
Freis, E. D., 191  
Friedell, G. H., 1055  
Fritts, H. W., Jr., 204, 216, 220  
Furman, R. H., 659  
Gaman, E. M., 679, 687  
Geer, J. C., 655  
Gilon, E., 679  
Goldberg, L. I., 1125  
Goldenberg, S., 655  
Gonzales, I. E., 655  
Goodale, F. Jr., 365  
Goodloe, M. H. R., 673  
Gore, I., 1137  
Grande, F., 680  
Greenberg, S. M., 680  
Griffith, G. C., 1156  
Griswold, H. E., 896  
Gross, R. E., 254, 405, 1041  
Haft, D. E., 652  
Hahn, J. W., 680  
Haley, M. I., 247  
Hamilton, J. G., 684  
Hanfling, S. M., 474  
Hanson, J. S., 583, 1107  
Harman, D., 151, 681  
Harris, P., 216  
Harrison, E. G., Jr., 419  
Harvey, W. P., 346  
Hashimoto, S., 657  
Haust, M. D., 656  
Heinemann, H. O., 154  
Hellems, H. K., 1  
Hellerstein, H. K., 1166  
Herndon, J. F., 680  
Hersch, C., 1069  
Hickam, J. B., 243  
Higano, N., 659  
Higginbotham, A. C., 670, 681  
Higginbotham, F. H., 670, 681  
Hine, G. J., 913  
Hines, E. A., Jr., 419  
Hirschhorn, K., 662, 667  
Ho, P. P., 681  
Hodges, R. E., 670  
Hoffman, F. G., 437  
Hoffman, J. I. E., 385, 405  
Hoffman, M. S., 90  
Hollander, W., 676, 682  
Holman, R. L., 1137  
Holmes, W. L., 663  
Horwitz, O., 901  
Howard, R. P., 659  
Hughes, R. H., 667  
Huston, J. H., 559  
Ikkos, D., 583  
Irving, D. W., 677  
Jaffe, H., 677  
January, L. E., 280  
Jhaiveri, S., 39  
Johnson, P., 683  
Jolliffe, N., 685  
Jones, R. J., 676  
Jose, A. D., 130  
Joyner, C. R., Jr., 901  
Kaminer, B., 289  
Kaplan, B. M., 658  
Kass, I., 90  
Kassebaum, D. G., 896  
Katchalsky, A., 265  
Katz, L. N., 160, 658, 683  
Kaufman, B., 1133  
Keith, J. D., 1044  
Keith, R. A., 247  
Kelley, R. R., 365  
Kellogg, F., 653  
Kendall, F. E., 654  
Kershbaum, A., 682  
Keys, A., 501, 666, 682, 1091  
Kheim, T., 652  
King, E. Q., 664  
Kinsell, L. W., 661  
Kirk, J. E., 654  
Kirklin, J. W., 49, 526, 938  
Klein, E., 664  
Klein, R. F., 667

## INDEX OF AUTHORS

- Kokubu, T., 685  
 Kositchek, R. J., 670  
 Kountz, W. B., 652  
 Kuo, P. T., 661  
 Kummerow, F. A., 650  
 Kurland, G. S., 464  
 Kuzma, O., 683

## CIRCULATION SUBJECT INDEX

VOLUME XXII

JULY-DECEMBER 1960

### A

- Abdominal conditions**  
and anticoagulant therapy, 735  
aorta, 684, 1147  
arteriosclerotic lesions, 1137-1141  
dissecting aneurysm, 317, 319
- Acetazolamide**, in hydropenia, 1192
- Acetylcholine**, 1193  
and blood pressure, 718, 755, 798  
myocardial effects, 1033, 1034, 1181, 1182
- Acidosis**, 1192  
diabetic, 721-722, 1154  
respiratory, 783-784  
and surgery, 720, 725, 734
- ACTH.** *See* Adrenocorticotrophic hormone
- Adams-Stokes disease**, 529-531, 782, 793-794, 797  
pacemaker, long-term, 341-345
- Adenosine triphosphatase**, aortic activity, 665
- Adrenal gland**, 722  
and cholesterol metabolism, 469, 470, 550, 553-557  
pheochromocytoma, 517  
steroids, for pericardial effusion, 146, 148  
and stress, 470
- Adrenalin.** *See* Epinephrine
- Adrenergic blockade**, by dichloro-analogs, 1034
- Adrenocorticotrophic hormone**, 470, 865, 868  
for iproniazid side effects, 1163  
in rheumatic heart disease, 507-509, 514
- Age.** *See also* Pediatrics  
and angina pectoris, 984  
aortic dissections, 315-316  
and atherosclerosis, 99-101, 267, 824, 984, 1133  
and atrial fibrillation, 561  
and blood pressure, 103-105, 430, 858, 1026  
after monoamine oxidase inhibitors, 1163  
racial differences, 290, 768, 1028  
cardiac enlargement in anemia, 413-414  
and cholesterol levels, 467, 484, 495, 685  
and congenital heart disease, 749  
and coronary arteries, 22, 103-105, 126-129, 726  
heart disease, 98-99, 165, 302, 495, 717, 743, 984, 1100, 1133
